Reply: Reclamation Surety Carol Mine S0010064

Dear Mr. Haddock,

In reply to your letter that was received in the first part of March. The Carol Mine, this is a patented property, and we got the permit with the idea of exploration of gemstone material. Sampling was done in previously disturbed areas. At this point no materials worth mining have been found, so we would like to cancel our permit on this property.

Sincerely,

David L. Penney
